ACHE 2026 EXECUTIVE PROGRAM

"If you're on the fence about the Executive Program, I would say this: It's not just a learning experience, it's a leadership accelerator. It stands out because it's tailored for executives who are ready to lead transformation, not just manage operations. The program gave me three key benefits: expanded strategic insight, a stronger executive network and renewed confidence in navigating complex healthcare challenges. The ACHE Executive Program has truly been a catalyst for my continued growth as a healthcare leader."

—Erik M. Frich
Director, Supply Chain Management (Enterprise)
